

Appendix B

List of Preparers

This page intentionally left blank.

This document was prepared by Federal Highway Administration, Texas Department of Transportation and Alamo Regional Mobility Authority with assistance from Jacobs Engineering Group Inc., AmaTerra Environmental, Inc., Hicks & Company, Smith & Associates Consulting, LLC, Ximenes & Associates, Inc., and Zara Environmental, LLC.

1.1 FEDERAL HIGHWAY ADMINISTRATION

Salvador Deocampo

District Engineer

Justin Ham, P.E.

Urban Programs Engineer

Tom Bruechert

Environmental Team Leader

Greg Wood

Environmental and Transportation Planning Coordinator

Ted West, P.E.

Major Project Coordinator (retired)

Theresa Claxton

Planning & Program Management – Team Leader

1.2 TEXAS DEPARTMENT OF TRANSPORTATION

Doug Booher

Strategic Projects Section Director, Environmental Affairs Division

Twenty-two years of experience in environmental studies and transportation planning including NEPA compliance, permitting, project management and program development.

Michael Chavez

Project Delivery Manager, Environmental Affairs Division

Sixteen years of experience in environmental studies including cultural resources management and NEPA document preparation and review.

Vicki Crnich, P.G.

Project Delivery Manager, Environmental Affairs Division (retired)

Twenty-three years of experience with environmental projects including remediation, NEPA compliance, project management including eight years in the transportation industry.

1.3 ALAMO REGIONAL MOBILITY AUTHORITY

Terry M. Brechtel

Executive Director

Serves as Executive Director of the Alamo Regional Mobility Authority, the local entity responsible for improving mobility by accelerating transportation projects to deliver congestion relief and enhance the economic vitality of the region.

Lisa G. Adelman, J.D.

Legal Counsel

Licensed in 1992 to practice in Texas. Specialty in Public Finance.

**1 Leroy D. Alloway**

2 Director of Community Development

3 Six years of experience in NEPA and NEPA public engagement, over ten years of
4 experience in community involvement and governmental policy, International
5 Association of Public Participation Certificate program in Public Participation.

6 David L. Smith

7 Executive Director

8 Serves as Interim Executive Director for the Alamo Regional Mobility Authority,
9 responsible for improving mobility by accelerating needed transportation projects to
10 deliver congestion relieve and enhance economic vitality of the region.

11 Renee D. Green, P.E.

12 Director of Public Works

13 Over 30 years of engineering and management experience, responsible for management
14 of Capital Projects, Flood Control, Environmental Services and Asset Management.

15 Christopher Trevino, P.E.

16 Operations Engineer

17 Over ten years of transportation engineering and construction experience obtained in
18 both public and private sectors. He has participated in the design and construction of
19 infrastructure projects throughout Central and South Texas.

20 Patrick L. Irwin, P.E.

21 Director of Engineering and Operations

22 Over thirty years' experience in transportation design, implementation, management,
23 ITS operations, and safety operations.

24

25 David Wegmann, P.E.

26 Alamo Regional Mobility Authority – Engineering Services Manager

27 Owner representative and oversight

28 16 years of experience in transportation design and planning, including scoping,
29 budgeting, project and program management and oversight.

30 Michelle Martinez

31 Public Information Manager

32 Four years of experience in NEPA public involvement and engagement, International
33 Association of Public Participation Certificate program in Public Participation.

34 1.4 JACOBS ENGINEERING GROUP INC.**35 Jimmy Robertson, AICP**

36 Project Manager

37 Project Management - Project Manager

38 Twenty-six years of experience in the fields of transportation planning, project
39 development and NEPA compliance.

40 Kevin Conner, RLA, PMP

41 Central Texas Operations Manager

42 Project Management - Project Principal

43 Twenty-seven years of experience in the fields of planning and project development.

- 1 **Greg Creamer, P.E.**
2 Manager of Operations
3 Project Management - Deputy Project Manager
4 Twenty-five years of experience in program and project management in the design and
5 construction of major transportation projects, including highways, bridges, airports, and
6 rail facilities.
- 7 **Tricia Bruck, PMP**
8 Environmental Planning Project Manager
9 Project Management - Assistant Project Manager
10 Twelve years of experience in environmental planning/permitting and NEPA
11 compliance for infrastructure projects.
- 12 **Michael Sexton, P.E., AICP**
13 Transportation Planning Engineer
14 Corridor Planning – Task Manager
15 Thirty-two years of experience in all modes of transportation throughout the United
16 States and overseas.
- 17 **Doug Huneycutt, P.E.**
18 Senior Project Manager
19 Schematic Development – Task Manager
20 Thirty-one years of experience in the fields of transportation planning, schematic
21 development, detailed design plans and construction management.
- 22 **Stephanie Messerli, P.E., AICP**
23 Manager of Engineering - Roadway
24 Schematic Development – Task Manager and Corridor Planning
25 Eighteen years of experience in transportation planning and design.
- 26 **Andrew Cooper**
27 Environmental Planning Project Manager
28 Environmental Studies & Documentation – Task Manager
29 Nineteen years of experience in NEPA management and documentation.
- 30 **Tom Allemand**
31 Environmental Planner
32 Environmental Studies & Documentation
33 Twelve years of experience in the environmental field and over 2 years as
34 Environmental Planner.
- 35 **Larry M. Allen**
36 Environmental Scientist/Project Manager
37 Environmental Studies & Documentation
38 Resource concerns baseline development and Public Involvement on the 281 EIS.
39 Thirty-eight years of experience in the natural resources fields of soil, water, air, plants,
40 and animals including planning, project development, NEPA, and regulatory
41 compliance.
- 42 **Jeff Anderson**
43 Senior Environmental Planner
44 Environmental Studies & Documentation
45 Twenty-seven years of experience in highway noise and air quality analyses.

**1 Jeff Casbeer**

2 Senior Environmental Project Manager
3 Environmental Studies & Documentation
4 Over twenty years of experience managing the development and approval of NEPA
5 documentation for transportation improvement projects.

6 Kate Clark, AICP

7 Urban Planner
8 Environmental Studies & Documentation
9 Six years of experience in site planning, design and public involvement.

10 Steven Cramer

11 Environmental Scientist
12 Field Surveys and Documentation
13 Fourteen years of experience in natural resource management including delineation of
14 waters of the U.S. and wetlands.

15 Ryan Ingram

16 Environmental Scientist
17 Environmental Studies & Documentation
18 Four years of environmental permitting and GIS experience.

19 Adam Koransky, P.E., CFM, CPESC

20 Project Manager, Water Resources
21 Environmental Studies & Documentation
22 Fifteen years of experience in development and water resources.

23 Alyssa Martin

24 Environmental Scientist
25 Environmental Studies & Documentation
26 One year of experience conducting research for NEPA documentation.

27 Jesus A. Moulinet, AICP

28 Senior Project Manager, Urban Design and Planning
29 Environmental Studies & Documentation and Public Involvement
30 Thirty-seven years of experience in community planning and design including
31 environmental planning, analysis and State and Federal environmental policy
32 implementation and compliance.

33 Craig Rollins

34 Sr. Environmental Planner
35 Environmental Studies & Documentation
36 Eighteen years in the environmental field in all aspects of NEPA investigations and
37 compliance.

38 Priya Srinivasan

39 Environmental Engineer
40 Environmental Studies & Documentation
41 Four years of experience in air permitting and regulatory review for chemical plants.

42 David Van Gorder, RLA

43 Environmental Planner
44 Environmental Studies & Documentation
45 Twenty years of experience in environmental planning/permitting and NEPA
46 compliance for infrastructure projects.

**Sandra J. Williams**

Senior Project Manager
Environmental Studies & Documentation
Twenty-eight years of experience in the environmental field of project/staff management, with most recent experience (thirteen years) in the NEPA.

Jennifer Zankowski

Environmental Planner
Environmental Studies & Documentation
Eight years of experience in GIS, public involvement, and six years of experience conducting socioeconomics analyses for NEPA documentation.

Brett Altman, P.E.

Project Engineer
Schematic Development
Fourteen years in schematic development and engineering for transportation projects.

Andy Johnston, P.E., CPESC, CFM

Project Engineer
Schematic Development
Thirty-seven years of experience in water resources, civil engineering, permitting, and construction.

Lindsay Liggett, P.E.

Project Engineer
Schematic Development
Four years of experience in the development and design of transportation projects.

Jesus R. Martinez, P.E.

Project Engineer
Schematic Development
Nine years of experience in transportation planning and design.

Albert Amos

Innovative Finance Manager
Corridor Planning
Eighteen years of experience in managing and conducting financial, economic and risk analyses.

Keith Borsheim

Transportation Planner
Corridor Planning
Nine years of experience in travel demand modeling for NEPA projects.

Patrick Joseph

Transportation Planner
Corridor Planning
Twelve years transportation design including six years participation in various forms of transportation and environmental planning; promoted to Transportation Planner in March 2010 in recognition of receiving Master's Degree in Urban Planning and Environmental Policy in December 2009.

1 **Nishant Kukadia, AICP, PMP**

2 Transportation Planner

3 Corridor Planning

4 Nine years of experience in traffic impact analysis and transportation planning.

5 **Sunghoon Lee**

6 Transportation Engineer

7 Corridor Planning

8 Four years working with traffic engineering and environmental planning projects.

9 **Christopher Primus, PTP**

10 Senior Transportation Planner

11 Corridor Planning

12 Nineteen years of experience in transportation planning and extensive experience
13 producing travel forecasts for NEPA projects.

14 **Marc Williams, P.E.**

15 Manager of Projects, Central Texas Transportation

16 Corridor Planning

17 Twenty years of experience in transportation engineering and planning and NEPA
18 activities across the United States.

19 **Jack Allen**

20 Environmental Program Manager

21 Technical Review

22 Twenty-seven years of experience in the fields of transportation planning, project
23 development, and NEPA compliance.

24 **Karen Coopersmith**

25 Senior Environmental Planner/Project Manager

26 Technical Review

27 Eighteen years of experience in environmental compliance, permitting, and NEPA
28 planning projects.

29 **Robb H. Fishman, AICP/REM**

30 Environmental Program Manager

31 Technical Review

32 Twenty-six years of direct experience in managing NEPA studies and leading multi-
33 disciplinary environmental teams.

34 **A. Henry Pearson, P.E.**

35 Engineering Project Manager

36 Technical Review

37 Fifty-seven years of experience in highway design and management.

38 **James Kratz, P.E.**

39 Senior Traffic Engineer

40 Operational Analysis

41 Twenty years of experience in the development of plans, specifications and estimates for
42 transportation projects.

1.5 AMATERRA ENVIRONMENTAL, INC

Joel Butler

GIS Manager / Archeology Principal Investigator

Environmental Studies & Documentation

Six years of experience working with mapping systems and graphics.

Tom Eisenhour, RA

Historical Architect

Environmental Studies & Documentation

Over twenty years of experience in cultural resource management and Section 106 coordination.

Rachel Feit

Senior Archeologist

Environmental Studies & Documentation

Sixteen years of experience in archeological investigations.

Kurt Korfmacher

Architectural Historian

Environmental Studies & Documentation

Eight years of experience conducting historic resources investigations.

Nick Trierweiler, Ph.D.

Registered Professional Archeologist

Environmental Studies & Documentation

Over thirty years of experience in cultural resource management and Section 106 coordination.

Emory Worrell

Archeological Technician

Environmental Studies & Documentation

Eleven years of experience working as a field technician in Texas.

1.6 HICKS & COMPANY

Jason Buntz

NEPA Specialist

Environmental Studies & Documentation

Thirteen years of experience in environmental compliance management and NEPA documentation.

Samantha Walden Champion

Staff Archeologist and Assistant Project Manager

Environmental Studies & Documentation

Three years of experience in prehistoric archeology (laboratory analysis, research, report production) with two and a half years of experience in cultural resource management (historic and prehistoric archeology); experience in NEPA document preparation, Section 106 compliance, and federal and state agency coordination.

David Fowler

GIS Analyst

Environmental Studies & Documentation

Two years of experience in GIS analysis and graphics.

**Roy Frye**

Certified Wildlife Biologist and Senior Project Manager
Environmental Studies & Documentation
Thirty-eight years of experience in the field of wildlife ecology, conservation, and management; water resources planning, land acquisition, habitat evaluation and mitigation planning in Texas; extensive experience in environmental document preparation, review, and associated inter-agency coordination.

Robert F. Huch, P.G., CPESC

Air Quality Specialist
Environmental Studies & Documentation
Five years of experience preparing NEPA-level air quality analyses and TxDOT pre-certified in Air Quality Analysis (TxDOT Category of Work 2.2.1).

John J. Kuhl

Ecology Program Manager
Environmental Studies & Documentation
Twenty-three years of experience in project management, ecological and threatened and endangered species baseline studies and permitting, wetlands/CWA 404 field studies and permitting and NEPA document preparation. US 281 EIS role included Threatened and Endangered species task leader (field investigations and document preparation) and indirect and cumulative impacts support for ecological resources.

Julie LeClair

Staff Ecologist
Environmental Studies & Documentation
Four years of experience in wetland determinations/delineations, habitat assessments, vegetation surveys and threatened and endangered species surveys.

Jerod McClelland

GIS Analyst
Environmental Studies & Documentation
Six years of GIS/digital mapping expertise and spatial data management.

Mason Miller

Senior Archeologist
Environmental Studies & Documentation and Technical Review
Eleven years of experience performing terrestrial and nautical archeology and historical research, including regulatory coordination and participation in all stages of cultural resources investigations.

Andrew Poth

GIS Manager
Environmental Studies & Documentation
Eighteen years of experience in GIS analysis and cartographic production.

Edward B. Rashin

Environmental Scientist
Environmental Studies & Documentation
Twenty-nine years of experience in environmental analysis and scientific investigations, environmental compliance management, water pollution control and natural resources management.

**Peter Van Zandt**

Environmental Studies

Environmental Studies & Documentation and Technical Review

Experience in conducting community impact research, environmental data collection, and air quality sampling field investigations.

Tom Van Zandt

Principal

Environmental Studies & Documentation and Technical Review

Over twenty-five years of experience working on environmental impact statements for major infrastructure project and extensive experience with environmental impact assessments, adaptive management in the design-build process, implementing citizen and collaborative expert workshops, and legal expertise on NEPA and the Endangered Species Act.

Hannah Vaughan

Senior Architectural Historian

Environmental Studies & Documentation

Nine years of experience in cultural resource management and Section 106 coordination.

1.7 SMITH & ASSOCIATES CONSULTING, LLC**Tim Sueltenfuss**

Public Involvement Consultant

Public Outreach & Response – Task Manager

Eighteen years of experience in the fields of public policy, public involvement, and conflict resolution.

Leigh-Ann Fabianke

Public Involvement Consultant

Public Outreach & Response

Eleven years of experience working in strategic communications and public participation.

Lori Ivy

Public Involvement Consultant

Public Outreach & Response

Sixteen years of experience working in strategic communications and marketing.

Kristen Villarreal

Public Involvement Consultant

Public Outreach & Response

Four years of experience working in strategic communications and marketing.

1.8 XIMENES & ASSOCIATES, INC.

Linda Ximenes

Public Involvement Consultant

Public Involvement – Task Manager

Over twenty-five years of experience in designing and facilitating public participation processes that informs and involves stakeholders and impacted communities.

Sonia Jimenez

Public Involvement Consultant

Public Involvement

Ten years of experience in planning public meetings and facilitating groups to gather input and feedback in decision-making processes.

1.9 ZARA ENVIRONMENTAL, LLC

Clover Clamons, P.G.

Senior Geologist

Environmental Studies & Documentation

Holds a USFWS permit number TE85077A-1, karst invertebrates. State of Texas licensed geologist (No. 3639) and has worked with central Texas karst issues since 1998.

Brian D. Cowan, P.G.

Senior Hydrogeologist

Environmental Studies & Documentation

Holds a USFWS permit number TE85077A-1, karst invertebrates. State of Texas licensed geologist (No. 11180) and has studied karst hydrogeology since 2006.

Marcus O. Gary, Ph.D.

Senior Hydrogeologist

Environmental Studies & Documentation

State of Texas licensed geologist (No. 10386) and has studied karst hydrogeology since 1999.

Krista McDermid

Biologist

Environmental Studies & Documentation

Holds a USFWS permit number TE85077A-1, karst invertebrates and has been involved in endangered karst species studies since 2007.

Peter Sprouse

Karst Biologist

Environmental Studies & Documentation

Holds a USFWS permit number TE014168-0 for karst invertebrates, and has been involved in endangered karst species studies since 1990.
